

## **Kargo Master Light Bar Mount Kit For 2 in. Diameter Tube**

### **Installation Guide for Jeep Wrangler '07-'16 2-Door JK**

**Installation Time:** <1 Hour

**Tools Required:**

- ✓ Box Cutter/Knife
- ✓ ¼" Allen Wrench

**Installation Instructions:**

1. Carefully open the package using a box cutter or knife (Figure A) and ensure the mount and hardware are included and undamaged.

Figure A

2. Insert the light mount grommets on the small open end of the mounts (Figure B).

Figure B

3. Attach the small outer clamp end of the brackets around the grommets (facing inward) (Figure C) and secure using the supplied bolts and Allen wrench (Figure D).

Figure C

Figure D

4. Bolt both small ends of the brackets (with grommets facing inward) to the light bar (not included) (Figure E).

Figure E

5. Attach the large outer clamp end of the brackets around the tube where the mount will be affixed (Figure F) and secure using the supplied bolts (Figure G).

Figure F

Figure G

6. Position the light to the desired angle and press cap covers (supplied) in place.
