

Dirty Acres Grille Insert – Old Glory (07-17 Wrangler JK) Installation Guide

Installation Time: 15 Minutes

Tools Required:

- ✓ Phillips Head Screwdriver

Installation Instructions:

1. Begin by opening the hood of the Jeep

2. Begin to unscrew the six screws that hold the grille onto the Jeep.

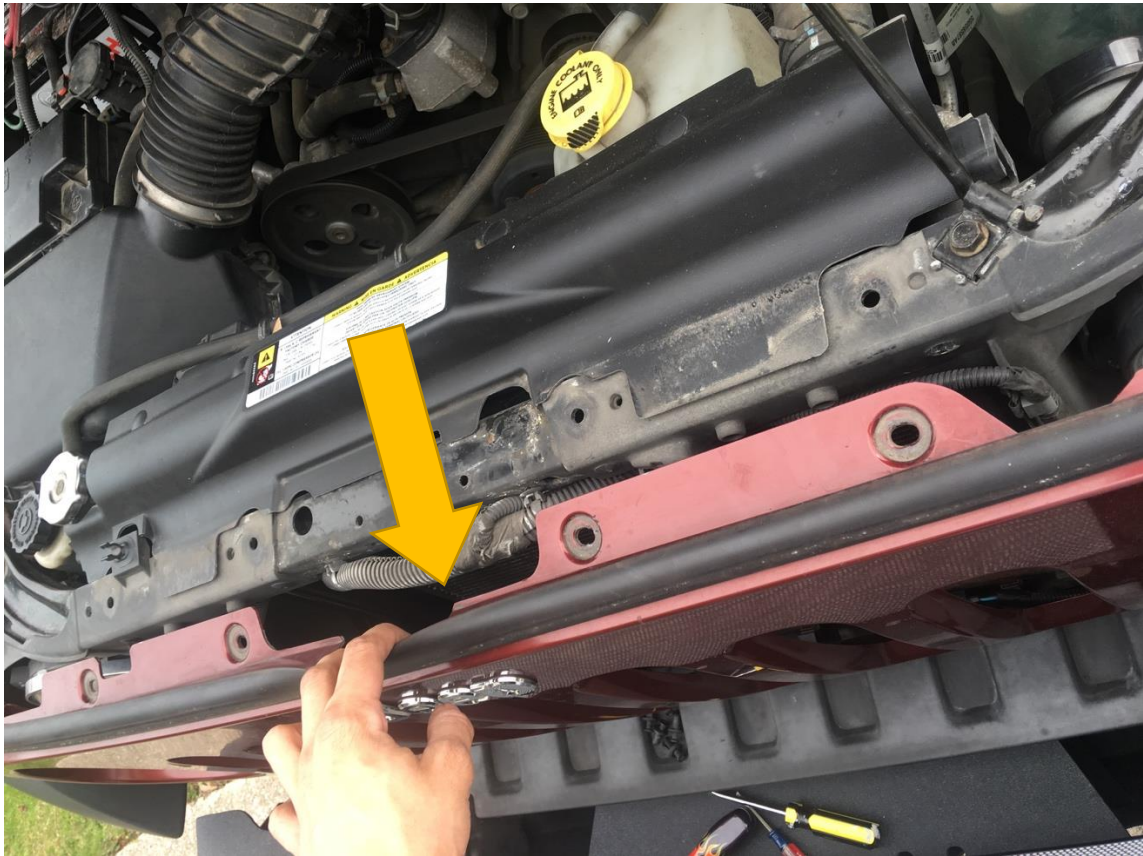

3. These are the four top screws that will need to be unscrewed and taken out. (Circled in yellow)

4. Above each headlight is one more screw that will need to be unscrewed and taken out. (Circled in black)

5. Pull the grill outward and put the grill insert behind the grill. (Where the yellow arrow is pointing)

6. You can now push the grill back so that you can re-insert the screws, which you took out in step 3 and 4.

7. Once all 6 screws have been re-inserted, close the hood.

8. This is what the finished product should look like.
