

## Putco LED Dome Light

### Installation Guide for Jeep Wrangler '07-'16 2-Door JK

**Installation Time:** <1 Hour

**Tools Required:**

- ✓ Box Cutter/Knife
- ✓ Plastic Trim Tool
- ✓ Flathead Screwdriver (optional)

**Installation Instructions:**

1. Carefully open the package using a box cutter or knife (Figure A) and ensure the lights are included and undamaged.

Figure A

- Using a plastic trim tool, pop the front of the light cover free (Figure B).

Figure B

- Using a plastic trim tool, pop the rear of the light cover free (Figure C).

Figure C

4. Remove the light cover completely (Figure D).

Figure D

5. Remove the interior light bulbs (Figure E). *Note: If having trouble removing bulbs, use a small flathead screwdriver to very gently help guide the bulbs out of the notches.*

Figure E

- Place the new Putco LED light bulbs in each light (Figure F).

Figure F

- Open a door to ensure each light is correctly placed and lights up (Figure G).

Figure G

- Return light cover.
