

Rightline Gear Trunk Storage Bag

Installation Guide for Jeep Wrangler '07-'16 2-Door JK

Installation Time: 1 Hour

Tools Required:

- ✓ Box Cutter/Knife

Installation Instructions:

1. Carefully open the package using a box cutter or knife (Figure A) and ensure the bag, inserts and straps are included and undamaged.

Figure A

2. Slide the hard-plastic insert (included) into the top sleeve (Figure B).

Figure B

3. Secure the two hard plastic shelves (included) onto the horizontal dividers by aligning the Velcro strips (Figure C).

Figure C

4. Close the zippers (Figure D) and reconnect Velcro.

Figure D

5. Place the storage bag behind the rear seat (Figure E).

Figure E

6. Run the two rear clasps through the matching attachment rings on the bottom of the rear seat (Figure F).

Figure F

7. Run the straps through the clasp to hold in place (Figure G).

Figure G

8. Run the top left and top right straps around the rear vertical roll bars above the seat belt holders on each side (do not twist straps) (Figure H).

Figure H

9. Buckle the straps in place (Figure I).

Figure I

10. Run the two shorter inner straps around the headrests on each side (do not twist straps) (Figure J).

Figure J

11. Buckle the straps in place (Figure K).

Figure K

12. Tighten all straps down. **Optional:** Fill the bag compartments completely to help displace the wrinkles created by the shipping package.
