

UV Sun Shade 07-17 JK

Contents:

(1) - UV Sun Shade

1. For ease of installation, remove the factory soft or hard top.
 2. Lay the UV Sun Shade out so that the velcro straps face forward.
 3. With a helper drape the UV Sun Shade over the top of the sport cage.
 4. Wrap the attached bungees around the sport cage.
 5. Strap the front velcro through the windshield footman's loops.
 6. Ensure the UV Sun Shade is evenly spaced side the side.
- **Note:** Once installed the factory top can be reinstalled.
