Contents:

- (1) - Pair Angry Eyes
- (2) - Alcohol Wipes

Using the supplied alcohol prep pads, thoroughly clean the area of the grille where the tape from the angry eye bezels will adhere.

Peel the backing from the adhesive and place the bezel over the headlight opening as shown. Be sure to line up the bezel properly so it follows the contour of the grille.

Once properly located, firmly press down on the outside edges of the bezel to fully seat the adhesive tape.
