

## Installation Instructions for Red Rock 4x4 Angry Eyes (97-06 Wrangler TJ)

# REDROCK<sup>4X4</sup>

### Tools Required:

T15 Torx Screwdriver or Bit

### Step 1:

Remove the three Torx screws securing the factory headlight bezel and remove it from the vehicle.

### Step 3:

Repeat Steps 1-2 for opposite side bezel to complete the installation.

### Step 2:

Place the Angry Eyes Bezel in place of the factory bezel and secure using the three screws removed in Step 1.
