Mirror Covers

Contents:

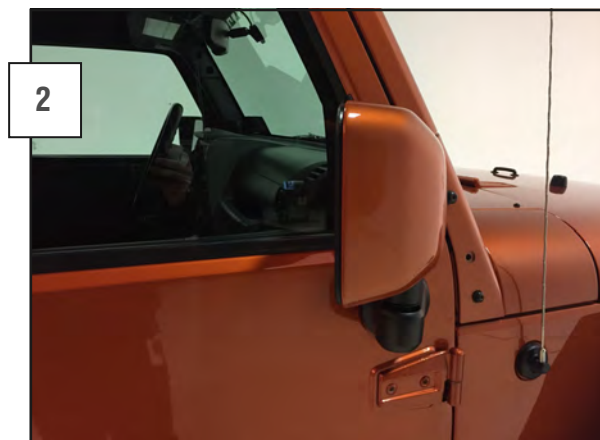

- (1) - Pair Mirror Covers
- (2) - Alcohol Wipes
- (2) - Adhesion Promoter Packets

Begin by cleaning the mirror of dirt and debris using soap and water. Once thoroughly dry, wipe the circled locations as well as the bottom and inside edge with the supplied alcohol wipes.

Once comfortable with the way the mirror cover fits, remove the double sided tape backing and apply the adhesion promoter. Allow time for the adhesion promoter to flash dry.

Test fit the mirror cover on the mirror prior to removing the tape backing.

Install the mirror cover by placing it on the mirror. Apply firm even pressure on all tape locations to ensure proper adhesion.
