

REDROCK^{4x4}

2007-2017 JK Wrangler Old Glory Fuel Door Cover

Step 1\\

Remove the tail light to access the back of the fuel filler neck housing. Remove the (2) inner phillips screws from the tail light, then press the tail light housing towards the center of the vehicle to unclip it from the quarter panel.

Step 2\\

Remove the gas cap from the filler neck. Through the tail light opening, use a long flat head screwdriver, depress the (2) visible clips.

Step 3\\

Pull the filler neck housing from the vehicle. Transfer the rubber grommet for the factory housing to the RedRock 4x4 fuel door housing.

Step 4\\

Transfer the fuel filler cap to the new housing and then reinstall in reverse order.
