

2007-2017 JK Wrangler Smoked LED Amber Turn Signals

Step 1\\

Access the connectors on the rear of the turn signals from the wheel well. The turn signal clips have a red locking tab, first slide the locking tab out. Then depress the clip to remove the signal plug.

Step 2\\

Using a panel removal tool, remove the (6) push clips holding the grille cover to the vehicle. Unplug the turn signals and pull the grille cover from the vehicle.

Step 3\\

Remove the factory turn signals by unclipping them from the factory grille.

Step 4\\

Install the new LED turn signal in reverse order.
