

JK Wrangler Inner Door Sills Installation Guide

Contents:

(2) Inner Door Sills

//Step 1:

Clean vehicles surface with a alcohol cleaning pad to give the double sided tape a good surface to stick to.

// Step 2:

Once surface is clean, peel back the film on the double sided tape to expose the adhesive that will go towards the vehicles surface.

//Step 3:

Press door sill on to vehicle firmly. Apply firm even pressure to ensure proper adhesion.
