PLEASE READ BEFORE STARTING INSTALLATION

While MBRP Inc. has made every effort to ensure that all components of this kit are of superior quality and properly packaged, it is the installer's responsibility to ensure the following before starting:

- that ALL components shown above are present.
- that ALL mating components fit together.
- that there are no damaged components.
- that the kit you have purchased is appropriate for your year and model of vehicle.
- that the kit will not interfere with any modifications previously installed or planned.
- that you have read and understand these instructions.

If you have any questions or are uncertain about any aspect of the installation of this kit on your vehicle please contact your dealer before commencing installation.

2007-2010 Jeep JK Fire Extinguisher Bracket

Figure 1

NOTE:

This kit requires the installation of ***Off Camber Fabrications*** Roof Rack Kit # **130717** or # **130927** prior to installation of this **Fire Extinguisher Bracket Kit # 131000**.

1. The **Fire Extinguisher Mounting Kit** installs onto one of the four **Inner Support Brackets** provided in the **MBRP Roof Rack Kit**

2. Assemble the kit as per the illustration on the first page. Attach the Fire Extinguisher [not included] to the bracket with the supplied hardware in a suitable position to allow mounting the whole assembly to one of the inner supports.

See **Figure 1**

3. Attach the complete assembly to the inner support of your choice.

Congratulations! You are finished. We are sure that you will enjoy this
